stellar accomplishments. We are proud to add this year's class of winners to our circle of leadership."

The Top 100 MBE Awards® will be presented at the CRMSDC's 37th *Annual Leaders and Legends Awards Ceremony*, on Tuesday September 25, 2018 at the MGM National Harbor.

Carlos Deoliveira, XTT LIFE, LLC CEO, says, "I am honored and excited to be recognized and to be among such an outstanding group of awardees. I came to the conclusion that sometimes God "inconveniences" us so we can help others. To many to thank, but from my heart to yours I say thank you all for being part of **XTT Life's** success."

About Capital Region Minority Supplier Development Council (CRMSDC)

CRMSDC is celebrating its 46th anniversary as a not-for-profit economic development organization supporting growth in Maryland, the District of Columbia, and Northern Virginia through programs and services that help corporations enhance the diversity and innovation of their supply chains. CRMSDC connects corporate and government members to well established, certified minority-owned business enterprises.

We accomplish this through a rigorous process of certifying that MBE suppliers are at least 51% owned, controlled and operated by ethnic minorities; providing education and advice to certified businesses; and finally, creating strategic opportunities for corporate members and certified MBEs to connect for the purpose of doing business.

CRMSDC, established in 1972, is one of 23 regional affiliates of the National Minority Supplier Development Council, the only nationally recognized MBE certifying authority. CRMSDC is headquartered in Silver Spring Maryland.

CRMSDC also operates two programs funded by the U.S. Department of Commerce's Minority Business Development Agency (MBDA) grants: (1) The MBDA Business Center, Washington D.C., helps minority-owned firms create jobs, compete in the global economy and grow their businesses, and (2) The Federal Procurement Center which is the nation's only federally-funded program solely dedicated to assisting MBEs in obtaining Federal contracts.

Together these three organization form the *CRMSDC MBE Business Consortium*, the largest provider of MBE support services in the region.

Where we save you time, money, and all kinds of green!

In business, success and failure can be predicated by who you work with. **XTT LIFE** is an affiliated with an organized group of highly effective leaders that have combined their skills and efforts together in one global movement. This network is committed to helping upgrade the lives of its members and providing relationships and services with them that allow an easier flow to their life needs.

As a Core Member with this Organization, I'm a master broker of goods and services both Nationally and Internationally! A mentor of mine taught me something profound. He said, "If you find something YOU like to do make it your hobby, but if you identify something the WORLD has to do make it your business!"

"There is nothing wrong with making an honest living, but ask yourself... are you honestly living"? At a job, you work because you get paid. In a business, you get paid because you work. People use the term time management, when actually it's really activity management. We each have 24hrs in a day to work with, it's what we do during that time that determines our income!

We are expected to hold themselves to incredibly high ethical and moral standards. Integrity and character are crucial to their daily practice as they conduct business, grow the network and impact people's lives in a positive fashion. Always remember, you can't have a testimony without having a test...

XTT LIFE, LLC (XTT Life) is a Minority Business Enterprise (MBE) and Disadvantaged Business Enterprise (DBE) certified company through Maryland Department of Transportation (MDOT) and Prince George's County (PGC). Our mission is to provide fleets with a thorough program of goods and services which proactively fulfills vehicle and equipment needs in realizing greater savings with more efficient use and less down time. We accomplish this by providing, delivering and distributing safe, cost efficient, environmentally friendly products and reliable service.
